

## Mainfranken Theater Würzburg

The Mainfranken Theater Würzburg is a four-branch house that offers productions and performances of opera, drama and dance as well as concerts of the Philharmonic Orchestra Würzburg. Every year, the house welcomes around 140,000 visitors to about 420 performances. The theater is centrally located in the Würzburg old town. The Würzburg Residence is just a stone's throw away, and the main train station is within walking distance.

With around 20 premieres in opera, drama and dance per season, the Mainfranken Theater does not only present works of the classical repertoire but does also realize world premieres, German premieres and other rarities. A large number of symphony and chamber concerts, baby concerts and galas complete the agenda. Besides cherishing contemporary theater and focusing on collaborations with renowned directors and guest artists, the Mainfranken Theater dedicates itself to the discovery of young talents.

### Current Progress

Since August 2018, the Mainfranken Theater is being renovated and extended without interrupting operations. A new venue with around 330 seats, numerous new functional rooms and a completely new theater experience for visitors are being created. The new venue is expected to open in the winter of the 2020/21 season. The large theater hall ("Großes Haus") and the existing building will also be modernised. According to current plans, reconstruction work should be completed by the 2022/23 season.

### Mainfranken Theater Becomes State Theater

With the reopening of the renovated and expanded building for the 2022/23 season, the Mainfranken Theater Würzburg will become a state theater. This important step in the development of the theater is not only a recognition of the artistic achievements to date, but also enables the Mainfranken Theater to play at the top of the theaters in Germany in the future.
